OIL SAFE® Transfer Containers

Oil Safe®

FluidDefense™ systems

WHY USE OIL SAFE® TRANSFER CONTAINERS?

For more than a decade, OIL SAFE has been the oil transfer management system preferred by leading companies around the world.

People often go to great lengths to preserve the quality of their oil only to contaminate it by using filthy containers, pouring it through a dirty funnel or inadvertently mixing it with different oil.

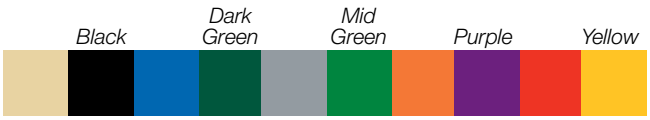
Open top, unsealed homemade containers deliver contaminated lubricants into the heart of your machinery.

The color-coded range of OIL SAFE containers provide:

- A fully sealing unit that prevents contaminants from getting into the oil.
- Easier dispensing without the need for secondary tools such as funnels.
- Color-coding and integration with LABEL SAFE identification products to prevent cross contamination and misapplication of oils.

With 5 different lid types designed to fit each of the 5 different drum sizes, you can mix and match the components to build heavy duty durable containers that will meet your oil transfer requirements.

Available in 10 colors



WARNING! Not suitable for fuels or solvents.

Fully interchangeable drums and lids - any style lid works with any size drum

OIL SAFE down-stroke pump delivers 1 liter with approximately 12 strokes

Push button auto-shutoff air intake enables smooth pouring of lubricants

Quick twist spout is easy to open and close. Controls flow and keeps dirt out

See-through drums with graduated markings make it easy to see and measure liquid levels

Robust lid design for easier handling

Pre-fill drums and safely store lubricants with OIL SAFE Storage Lids

Bright colors make OIL SAFE dispensers easy to find and easy to color code lubricant grades

FluidDefense™ systems

Stumpy Spout Lid

This wide spout model with a 1" opening is especially designed for applications where a higher lubricant flow is required. Match with a Stumpy Extension Hose to extend spout reach if required.

Available in 10 colors

STUMPY SPOUT LID PART #'s:

Beige	100500	Mid Green	100505
Black	100501	Orange	100506
Blue	100502	Purple	100507
DK. Green	100503	Red	100508
Gray	100504	Yellow	100509

Stretch Spout Lid

Designed for use where precise pouring of lubricants is required including hard to reach areas. With a 0.5" spout opening and longer spout, this lid is ideal for lower viscosity oils (<ISO 220).

Available in 10 colors

STRETCH SPOUT LID PART #'s:

Beige	100300	Mid Green	100305
Black	100301	Orange	100306
Blue	100302	Purple	100307
DK. Green	100303	Red	100308
Gray	100304	Yellow	100309

Mini Spout Lid

With an outlet diameter of approximately 1/4" (7mm) this mini spout is ideal for lubrication jobs where equipment filler holes are small.

Available in 10 colors

MINI SPOUT LID PART #'s:

Beige	100400	Mid Green	100405
Black	100401	Orange	100406
Blue	100402	Purple	100407
DK. Green	100403	Red	100408
Gray	100404	Yellow	100409

Utility Lid

Multi purpose lid with large 2" outlet hole ensures controlled fast pouring of lubricants. Match this lid to a 3, 5 or 10 liter/US quart drum for use with an OIL SAFE Pump.

Available in 10 colors

UTILITY LID PART #'s:

Beige	100200	Mid Green	100205
Black	100201	Orange	100206
Blue	100202	Purple	100207
DK. Green	100203	Red	100208
Gray	100204	Yellow	100209

Storage Lid

With this lid, OIL SAFE Drums can be pre-filled for storage or easier transportation. This is a convenient alternative to handling bulky 20 liter/US quart drums.

Available in 10 colors

STORAGE LID PART #'s:

Beige	100100	Mid Green	100105
Black	100101	Orange	100106
Blue	100102	Purple	100107
DK. Green	100103	Red	100108
Gray	100104	Yellow	100109

Drums

Fully interchangeable with OIL SAFE Lids these drums have an extra wide neck opening for rapid pouring and easy cleaning.

Available in 5 sizes:

1.5 liter/US quart	Part# 101001
2 liter/US quart	Part# 101002
3 liter/US quart	Part# 101003
5 liter/US quart	Part# 101005
10 liter/US quart	Part# 101010

Integrate **OIL SAFE**® with **GREASE SAFE**® and **LABEL SAFE**™ to manage your fluid transfer from bulk storage to point of use. This portfolio of products combine to form a revolutionary system that protects lubricants from contamination, reduces machinery down time, and minimizes dangerous and costly spills.

Hoses

Flexible spout hose attachments for awkward or hard to reach areas. These attach easily to the OIL SAFE Stretch or Stumpy Spout Lids. Stretch hose can be pulled from fitting and the length cut to suit the application.

Stretch Extension Hose - 12"	Part# 102020
Stumpy Extension Hose - 10.4"	Part# 102021

Standard Pump

Excellent for lubricating hard to reach fill points. This down stroke discharge pump delivers 1 liter for approximately 12 strokes. Match with an OIL SAFE Utility Lid and a 3, 5 or 10 liter/US Quart OIL SAFE Drum.

Standard Pump	Part# 102000

Premium Pump

Sharing the unmatched efficiency and reliability of the OIL SAFE Standard Pump, this heavy duty discharge pump is fully serviceable, color-coded and has an ultra comfortable D handle grip design. The Premium Pump also has accessory ports for OIL SAFE Breathers and Quick Connect Kits.

Available in 10 Colors

Beige	102300	Mid Green	102305
Black	102301	Orange	102306
Blue	102302	Purple	102307
DK. Green	102303	Red	102308
Gray	102304	Yellow	102309

Pump Kits & Spare Parts

Configure the Premium Pump for operation with quick connects. 1/4" NPT fittings and and 10 Micron breather provided - spare breathers also available. Quick Connects not included. Spare Parts for OIL SAFE Containers also available.

5' Hose length	Part# 920220
10' Hose length	Part# 920225
OIL SAFE Breather - 10 micron	Part# 920250

OIL SAFE Cabinets

A range of storage solutions are available for getting the workshop clean and organized. Immediately store, organize and protect all your lubrication reliability tools in a sturdy, workshop ready storage solution.

Visit our website or contact your representative for more information.

Bulk Systems

NEW!

Fluid Defense offers a comprehensive line of OIL SAFE Bulk Storage and dispensing solutions to work with your OIL SAFE transfer containers.

Custom configurations available!

World's Best Practice Lube Room

Our product and system portfolio provides you with a comprehensive suite of solutions for lubricant and fluid management in the work place. Bulk Storage through to the point of use is what we do best, so if you can't find a solution for your challenges in our catalog please contact your local representative for more information and assistance.
